Dear Mr. Nelson,

This belated letter is to offer my sincere thanks for the assistance you have so generously provided since I took office. Because you provided me with a list of deficiencies and recommended a person capable of supervising the revamping and daily duties of lift station operations and maintenance we have been able to bring our stations up to and beyond standards. What makes your actions especially admirable is that you did this while knowing TNT would lose a great deal of income from our city.

I also want to note what a wonderful investment the PSP is for our town – well worth the money spent. As promised, we have reduced labor and fuel costs while being able to better audit the operations 24 hours a day seven days a week.

You and TNT are and have been a great asset to the city and I would be happy to recommend your company to others. Again, thanks for helping me do my job!

Sincerely,

Joetta Calhoun
